PROJECTS

KNOW THEM JAMS

Full Stack Developer / Project Manager (Group Project)

<https://github.com/alithom123/know-them-jams>
<https://alithom123.github.io/know-them-jams/>

- Takes in user input of artist search and returns top 5 tracks, youtube videos related, and wikipedia information about the artist.
- Saves user input to a “recently searched” page.
- HTML, CSS, Bootstrap, JavaScript, jQuery, Firebase, lastFM API, Wikipedia API, Youtube API

CRYSTAL COLLECTOR

Front End Developer

<https://github.com/BrielleCarvalho/unit-4-game>
<https://briellecarvalho.github.io/unit-4-game/>

- Game assigns unknown number to each crystal image and user has to click the images to try and match the given random number.
- If the user hits the random number they are given a win, and if the user goes over the number they are given a loss. The game resets with new values assigned to the crystals and a new number to try and reach.
- HTML, CSS, and Javascript

TRAIN SCHEDULER

Full Stack Developer

<https://github.com/BrielleCarvalho/TrainTimes>
<https://briellecarvalho.github.io/TrainTimes/>

- Takes in user input for train name, destination, first train and frequency and saves to a database.
- Uses information in database to create a train schedule that displays what time the next train is arriving and how many minutes until it arrives.

RELEVANT WORK EXPERIENCE

KEY LEADER, LULULEMON

FEB 2016-JUNE 2018

Lead a team of 15-20 to meet sales and personal goals while ensuring exceptional guest experience.

- Top rated Key Leader for performance KPIs including Guest Solutions, Visual Merchandising, Inventory, Sell Through Strategy and Hiring/Training results.
- Organized and executed planning and budget tracking for quarterly goals events, shop nights and team sales with local businesses resulting in ~\$5K revenue per event
